I have always endeavored to supply my customers with good strong roots and true to name. This I will continue to do. I want your patronage now and in the future.

My success is measured by my ability to please. If you are pleased, your next order will tell me so. Tell your friends about my collection. My prices are low considering the kind of roots I send. If you are not satisfied, tell me; do not tell your friends until you have given me a fair chance to treat you right.

Correspondence solicited for special quotations on quantities of 100 to 1,000.
 The same quality of roots will be supplied irrespective of quantity.
